

## Home Access Guide

Once you have your sign-in information, you can get started quickly by verifying your desktop, laptop, or supported tablet meets or exceeds the system requirements. You should also check that your environment meets the latest bandwidth requirements.

For the latest requirements, see the [SuccessMaker System Requirements](#), available on the SuccessMaker Announcements and Resources website.

Once you have confirmed you're ready to go, see one of the following to get started:

- [Home Access for Students](#)
- [Home Access for Teachers and Administrators](#)

# Home Access for Students

After you've verified your system meets the latest requirements, use the following instructions to get started.

## Sign In and Start an Assignment

1. Open a browser, and go to the SuccessMaker host address provided by your school. This address is located on your school's web server.

Do not use search engines, such as Google™, to find your school's SuccessMaker address. If you do, you could connect to SuccessMaker on a different school's server where your user name would not be recognized.

2. Click the **Enter Here** button.
3. On the **Sign In** page, type your **Username** and **Password**, and then click **Sign In**.

To prevent the loss of your session data, do not sign in again before signing out and ending the previous session.

4. Click the program to launch the assignment.

## Exit an Assignment and Sign Out

1. Do one of the following:
  - In the reading course, click the blue **Close** button in the upper-right, to end your session and save your progress data.
  - In the math course, click the **Menu** button on the left to open the menu, and then click the **Close** button to end your session and save your progress data.
2. Click **Log out** to sign out of SuccessMaker.

Using the **X** in the title bar of the browser window to close out of SuccessMaker could result in the loss of data. You should always close the course with the **Close** button, and sign out of SuccessMaker when finished running the courseware. If the browser window is abruptly closed, or a student on an iPad® presses the Home button twice, and then swipes up on the browser window in which SuccessMaker is running, session data may be lost, the student left online, or the license may be left "in-use" for up to 30 minutes. This can prevent other students from being able to sign in and run the courseware during that time.

## Assignment Idle Time

Teachers can set an assignment's **Idle Time** (period of inactivity before timeout) within a range of 2-6 minutes in duration. When the **Idle Time** limit elapses, the student's session for that course ends and the Progress Report displays. If the student resumes activity within 30 minutes, the Progress Report can be closed and the student returns to Assignments page.

## Session Inactivity Over 30 Minutes

After approximately 30 minutes of inactivity, the session is terminated. When the user attempts to resume activity, a brief warning message displays and the user is signed out and returned to the **Sign In** page.

# Home Access for Teachers and Administrators

After you've verified your system meets the latest requirements, use the following instructions to get started.

## Sign In

1. Open a browser, and go to the SuccessMaker host address located on your school's web server.

Do not use search engines, such as Google™, to find your school's SuccessMaker address. If you do, you could connect to SuccessMaker on a different school's server where your user name would not be recognized.

2. Click the **Enter Here** button, and then do one of the following:
  - For non EasyBridge-integrated Teachers and Administrators, on the **Sign In** page, type your **Username** and **Password**, and then click **Sign In**.
  - For EasyBridge-integrated Teachers and Administrators, on the **Sign In** page, click the **Login with Easybridge** link.
    - For Teachers, click **Savvas EasyBridge Plus & Auto**. Find your District and click **GO**. Type your **Username** and **Password**, and then click **Sign In**.
    - For Administrators, type your **Username** and **Password**, and then click **Sign In**.
3. Disable pop-up blocking in your web browser to enable SuccessMaker reports and Help.
4. When you finish working in SuccessMaker, click **Sign out**.

## Assignment Idle Time

Teachers can set an assignment's **Idle Time** (period of inactivity before timeout) within a range of 2-6 minutes in duration. When the **Idle Time** limit elapses, the student's session for that course ends and the Progress Report displays. If the student resumes activity within 30 minutes, the Progress Report can be closed and the student returns to Assignments page.

## Session Inactivity Over 30 Minutes

After approximately 30 minutes of inactivity, the session is terminated. When the user attempts to resume activity, a brief warning message displays and the user is signed out and returned to the **Sign In** page.
